DID YOU KNOW?

A B&G PUMP REPAIRED WITH A KNOCKOFF OR REMANUFACTURED PART:

- voids the pump's UL/ULC or CSA third-party safety certification. This may put the user at risk.
- may cause the pump to underperform — limiting its life, decreasing heating system performance, while increasing energy use.
- voids pump warranty.
- may generate "no heat callbacks."
- will cost you more in the long run!
